

Can I Get a Peace?

Aug 14, 2008 @ 4:05pm

We just came across Miami t-shirt maker Gold Saturn, and we're crushing hard after just a few looks.

A lot of them are kind of about peace, or chillness one might say, but our favorite is the [Prescription for Peace tee](#) (though it was almost a tie with [Make Clothes Not War](#)), at left.

They're cute, but better yet, they're funny - in that *Royal Tenenbaums* kind of way.

We know it'll go best with dirty hair, black jeans, and last night's eyeliner.

We also really want to remember it the next time we have to go to the doctor.
